## TMT: France

Due to the number of tables in this section, the editorial is in alphabetical order by firm name.

### Alain Bensoussan

**THE FIRM** Interviewees unanimously agree that this niche IT boutique, which has offices in Paris and Grenoble as well as close links with other law firms in France and overseas, continues to be a formidable player in the IT field. Its strength is predominantly on the domestic front. The team's clients come from a range of sectors, including health, banking, insurance and advertising. It provides a range of services, including IT litigation and competition.

**Sources say:** *"Invented IT law in France and continues to be a major player for domestic work."*

**KEY INDIVIDUALS** Sources hail name partner and renowned IT lawyer [Alain Bensoussan](#) as *"a real institution"* and *"a huge name"* in the field. Peers confirm that *"he is still very visible on the market"* and describe him as *"a fearless litigator."* Litigation group head [Benoît de Roquefeuil](#) is also a widely respected figure in the IT area. He has been at the firm for over two decades and publishes extensively on IT-related matters.
